In RE: Case Action # 1:18-CT-00716-SHR-RM

Attn: Court Clerk

PER 

DEPUTY CLERK

This letter is to provide notice of two things. (1) Mr. Camden Barlow, Inmate # 30222-057, was correctly supplied the authorization form to cover the initial filing costs of the action and it is obvious that the filing is to be considered a Bivens Action. However, the information provided on the correspondence was incorrect, in that, it had Camden's name but my inmate number. In any correspondence or request of action from the court should be sent to both Mr. Barlow and myself since we will be the very ones authoring any actions in this litigation. You should be receiving the authorization form for prompt payment soon and pray the court understands the urgency within our petitions to the court.

On that topic, do I proceed into the other matter concerned in this correspondence? (2) I believe I mentioned in the initial filing that if this action is filed as a Bivens, it would be necessary to file an amendment to the original. This amendment would not change the construct of issues therein but rather add other request of relief that can only be provided under an action filed under Bivens. I will be provided said amendment sometime next week to add these other requests of relief and to add other inmates who too wish their declarations and voices to be heard on this matter. Of course, this all might be for naught if the judge decides to allow this to proceed as a class action and an attorney is provided. I'm sure the attorney will provide his own amendment to the matter and correct any errors or misfilings we probably provided. In the absence of this, however, we will be filing a motion to Amend the action.

shortly.

We humbly thank you in regards to all the effort and time devoted to our resolve and again we apologize in any actions we take outside the normal rules of the court. Desperation can cause errors sometimes. We hope and pray the court is patient in our efforts. Thank You

Respectfully,
